OUR BARNs

Zoeteman-Vogelaar Barn

The original section of the Zoeteman-Vogelaar Barn was built in 1938 by Boss Zoeteman, local dairy farmer and former mayor of Pincher Creek. The hayloft was originally used for hay storage but was used for local barn dances after 1946. The Zoeteman-Vogelaar Barn has a unique gothic-arched roof.

Zoeteman-Vogelaar Barn

Doukhobor Barn

The Doukhobor Barn was built by the Maloff family for the Cowley and Lundbreck members of the Christian Community of Universal Brotherhood in 1917. The barn was moved to Heritage Acres in 1990 and has a display of brands from the region's ranches along its interior walls.
